Our Donors

Appalachia: A Southeastern Wind Symphony simply could not exist without the support of our donors. Because we strive to highlight new, young composers from the Appalachian region, that means our music is often not in the public domain. Therefore, it can be more expensive to obtain. Your donation goes towards purchasing music and supplies for the season, as well as meals during concert weekends, and the cost of our concert venues.

A special thank you to our 2021-2022 season donors:
